PROFILE

As a young, tech-savvy cybersecurity student, I am constantly seeking opportunities to further advance myself in the cybersecurity field. I am deeply passionate about understanding and protecting the digital world.

EXPERIENCE

Volunteer Code Instructor

Code for Girls Workshop   September 2022

- Introduced and promoted the concept of coding to students at Ou-Ya-Dav Highschool in Mondulkiri province
- Successfully inspired significant number of students to pursue further learning in coding and technology.

Participant in Capture The Flag Challenge

Cambodia CTF Challenge 2022   July 2022

- Developed problem-solving skills by tackling complex, real-world security issues under time constraints.
- Gained hands-on experience by explored and implemented various industry-standard tools

Participant in Canadia Hackathon

Canadia-CamTech UX/UI Hackathon   May 2023

- Collaborated and assisted in designing user-friendly interface for mobile-banking application
